

Sample of Short Answer Questions List

When completing the FEOCS request form you will be afforded the opportunity to add up to five (5) short-answer questions to the survey. Questions must be presented in a manner that a survey respondent can easily respond to them using no more than 250 characters. Responses will be provided in the report exactly as they were written.

In the event you want to personalize the survey by adding short-answer questions, you can draft your own or select from the following sample questions which have been used by other directors, managers, and supervisors. Upon selection of a sample short-answer question you will have the opportunity to reword the text if desired.

REMEMBER: You will have the opportunity to add the selected or self-created short answer questions when completing the FEOCS request form.
