DEOMI RELEASES NEW PRODUCTS TO SUPPORT DEOCS ADMINISTRATORS

APRIL 7, 2016

PATRICK AIR FORCE BASE, FL. – The evolution of DEOMI’s organizational climate survey (DEOCS) has made it possible for thousands of units – and millions of Service members - to complete the survey and contribute to positively impacting the command climate.

To maintain this success, resources are regularly produced and adapted to assist commanders and Equal Opportunity professionals in DEOCS implementation, analysis, and follow-on actions. Since the beginning of 2016, DEOMI has released a number of guide books and a supplementary video covering aspects of the climate assessment process.

Guide books cover topics on how to conduct focus groups, make observations, and analyze records and reports. A Locally Developed Question (LDQ) and Short Answer Question (SAQ) video further helps differentiate between the types of questions found on the DEOCS, as well as illuminate the importance of critically thinking about how commanders can get the most out of this customizable portion of their unit’s individual survey.
